Dear Honorable Mayor and City Commission:

The Transportation & Parking Committee met on April 7th and discussed the 16th Street Safety & Operational Improvements Project, passing the motion below:

The Committee is against bulb-outs on 16th Street, as it will impede traffic and reduce parking. The Committee also discussed what trees or plantings should be eliminated and asks that green space be preserved wherever possible.

As an Advisory Committee, we sincerely ask that consideration be given to the above motion.

Sincerely,

Transportation and Parking Committee
